

QRX TECHNOLOGY GROUP NAMED CANADA SUPPLIES PARTNER OF THE YEAR 2025 BY HP

QRX Technology Group is proud to announce that we have been named the Canada Supplies Partner of the Year 2025 by HP — a recognition that highlights our dedication to delivering exceptional value, service, and results to our customers.

This award reflects QRX's commitment to excellence, innovation, and true partnership. By combining deep industry expertise with a customer-first approach, we continue to set the standard for managed print and technology solutions across Canada.

We want to extend our heartfelt thanks to our customers and partners for their trust and collaboration. This achievement is a reflection of the strong relationships we've built together and the tangible results we've accomplished as a team. As we celebrate this milestone, our focus remains on driving innovation, enhancing our services, and helping businesses unlock efficiency and growth. At QRX, this recognition is not an endpoint — it's a motivation to continue delivering cutting-edge solutions that empower our customers to succeed.

Stay tuned for more updates and innovations from QRX Technology Group as we continue to lead with purpose, passion, and excellence.

ABOUT QRX TECHNOLOGY GROUP

At QRX Technology Group, we empower businesses with innovative technology solutions that streamline operations, enhance security, and drive growth. Our services include Managed Print Services, Managed PC Services, and Managed Data & Document Services, all designed to help organizations operate smarter and more efficiently. Being named Canada Supplies Partner of the Year by HP reflects our unwavering commitment to excellence, our strong partnerships, and the tangible results we deliver to our customers every day. This award is not just a recognition — it's a testament to our team, our solutions, and the success we create together with our clients.
